

Cummins Guidanz®

SRM

Connector

Decisiv and Cummins are partnering to ensure your technicians have a seamless and consistent workflow between Decisiv SRM and Cummins Guidanz, the Cummins mobile technology suite. With the Cummins Guidanz SRM Connector, your technicians benefit from having access to genuine Cummins expertise communicated in a single location, delivered right at the point of service.

Reducing Downtime

By providing critical repair information at the point of service in real time, the Cummins Guidanz SRM Connector improves productivity and significantly reduces downtime for your Cummins service events.

Saving Time and Improving Accuracy

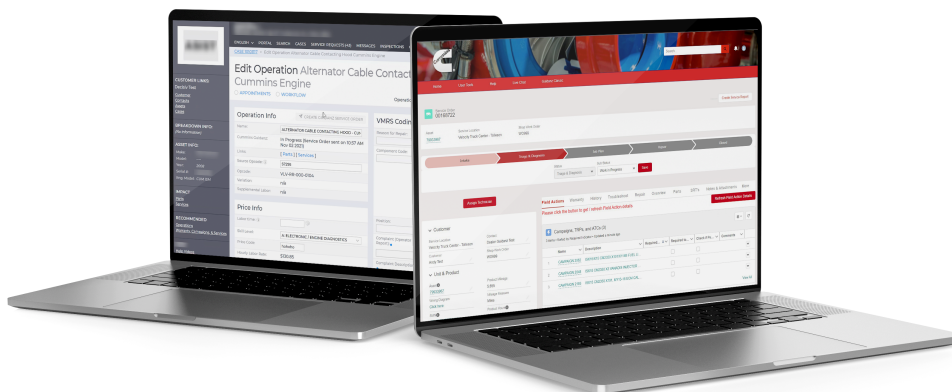

The Cummins Guidanz SRM Connector saves you time and effort in creating Cummins Guidanz cases because it eliminates the need to go to multiple systems to capture and share key service work information. Ultimately, you save hours of administrative and technician time every month, while improving the accuracy of your service data.

Improving Service Operations

Every day, technicians manage more than 40,000 maintenance and repair operations on Decisiv SRM. The Cummins Guidanz SRM Connector provides them with essential information, in real time, at the point of service, driving up efficiency and streamlining your service operations.

Getting Started

Gaining access to genuine Cummins expertise is fast and easy. If you're using any of the Decisiv-powered OEM service management systems, then you're able to immediately take advantage of the Cummins Guidanz SRM Connector: Volvo/Mack ASIST, PACCAR Solutions Service Management (PSSM), Isuzu Connect, Hino Case Management, TICO EDGE, Michelin MAESTRO, or Wheeltime LINQ.

Delivering knowledgeable and reliable repairs, a better customer experience, and improved asset uptime.

PUT THE CUMMINS GUIDANZ SRM CONNECTOR TO WORK FOR YOU
