#### DIESEL LAPTOPS + DECISIV

**Powerful Efficiency Solutions** 

Diesel Laptops, headquartered in Irmo, South Carolina, is a market leader in diesel diagnostic solutions, simplifying repairs and reducing downtime for commercial trucks and off-highway vehicles.

Virginia-based Decisiv operates North America's largest asset service management ecosystem for commercial vehicles, empowering over 5,000 service locations and 74,000 fleets to manage more than 4 million annual repair events.

Together, their integrated partnership streamlines workflows, drives significant cost savings, and boosts efficiency across the industry.

# POWERFUL EFFICIENCY SOLUTIONS

## DIESEL Decisiv

# Diesel Laptops & Decisiv SRM Integration

### Unlock Seamless Truck Diagnostics & Service Management

Managing commercial truck repairs is challenging—manual data entry, delayed diagnostics, and scattered service records slow down operations. The Diesel Explorer (DXP) + Decisiv SRM integration eliminates these pain points by seamlessly logging truck scan data into Decisiv's service management platform, boosting efficiency, accuracy, and repair speed.

# BOOST EFFICIENCY, ACCURACY, & REPAIR SPEED.

# POWERFUL EFFICIENCY Solutions

### HOW IT WORKS

### Scan and Capture Data

Instantly retrieve VIN, mileage, and fault codes with a single scan—and automatically populate your Decisiv SRM cases for faster, more accurate repairs.

#### Automated Case Creat

Case Creation Cut time and errors out of the repair process with automatic case creation seamlersly

with automatic case creation, seamlessly populating diagnostic and service data in Decisiv SRM.

### Real-Time **Updates**

Stay continuously informed as live diagnostic data and repair statuses feed directly into Decisiv SRM, ensuring accurate, efficient service at every step.

### WHAT ELSE CAN **DIESEL EXPLORER DO?**

- Read & Clear Faults Diagnose multiple systems and controllers.
- Basic or Pro Options Unlock advanced features with Pro.
- **Bi-Directional Commands** Perform DPF regens and resets.
- Tampering Detection Identify EGR, SCR, and DPF tampering.
- **Live Data Monitoring** View real-time vehicle parameters.
- Link to Diesel Repair Get instant access to troubleshooting steps.
- **Built-In Reporting** Generate PDF health reports on the spot.
- **RP1210 Compliant** Works with most datalink adapters.
